

A WEDDING REGISTER AT GALTONS OF PARNELL

A wedding can be a stressful time for the bride and groom, let us here at Galtons of Parnell help relieve that stress. Our trained consultants will be able to assist you, in your selections and co-ordinating your needs and wishes.

Your guests will be happy to know the gift they select has been chosen by you and reflects your personal tastes and desires.

Gift wrapping is complimentary, as is the delivery service within the Auckland area, should you require.

For your out of town guests we can arrange by internet, telephone, fax or e-mail the purchase of a gift with the same care as if they were in the store themselves.

We also have gift vouchers for those that want to leave the choice of gift up to you, or as a way of contributing towards a larger item.

If required your wedding register will be loaded onto our shop-on-line website so your guests can purchase at a time that is convenient to them.

A major benefit of placing a wedding register with Galtons of Parnell is all the products are well known and available worldwide, so a guest in London can go into a leading Homeware & Design Store and view the product they are considering purchasing on-line.
